HOW TO READ THIS REPORT

This report compares two charts across identity (Sun), emotion (Moon), love (Venus), desire (Mars), and communication (Mercury), with elemental chemistry notes and practical growth work. A score is a snapshot of ease - not a prophecy. Willingness, repair skill, and timing always matter more than a number.

THE VERDICT

Natural Flow

Compatibility score: 78 out of 100.

Higher scores usually mean easier elemental or sign-level flow. Still invest in repair skills - easy chemistry can hide lazy communication.

Leo and Gemini are elementally harmonious - energy flows easily.

PERSON 1 - RELATIONSHIP STYLE

These essays describe how person 1 loves, bonds, desires, and communicates on their own. Understanding each chart separately prevents projecting your style onto them.

SUN IN LEO

Core identity and ego needs in relationship

Sun in Leo - you are a radiant. Your life force expresses through creative self-expression, leadership, and the gift of making others feel seen.

Your identity is built around generosity, warmth, and the desire to shine - and to help others shine. You lead through presence, inspiration, and loyalty. At your best, you make everyone around you feel important. You need acknowledgment the way plants need sunlight.

Shadow

The need for recognition can shade into pride or scene-stealing. If you don't get the attention you deserve, the "inner drama" can be directed at the wrong targets.

Guidance: Your natural radiance is a gift to the world - the invitation is to be generous with it without making it transactional. Give the spotlight freely, and it returns to you tenfold.

MOON IN CANCER

Emotional needs and safety style

Moon in Cancer - emotionally, you are home. You are the sign of the Moon in its own home - deeply attuned, nurturing, and powerfully intuitive.

Moon in Cancer is the Moon's domicile - the most emotionally powerful position. Your emotional depth, memory, and intuition are extraordinary. You feel everything deeply and your empathy can be almost psychic. Creating emotional safety - for yourself and others - is your central emotional need.

Shadow

Emotional over-sensitivity and moodiness are your shadows. Feelings can arrive like tides - overwhelming and receding - without obvious external cause. The shell can come up at the wrong moments.

Guidance: Your emotional depth is a gift to everyone who knows you. The practice is building a reliable inner home - inner safety that doesn't depend on the external environment always being calm.

VENUS IN LIBRA

Love language, attraction, and values

Venus in Libra - in its home sign. You love through partnership, beauty, and the art of genuine togetherness.

Venus in Libra is in domicile - natural, graceful, and relationship-focused. You are built for partnership. You love through creating fairness, beauty, and harmony in all your relationships. Your aesthetic is refined and your social intelligence is extraordinary.

Shadow

Self-suppression in love is your shadow. Keeping the peace can mean your own needs disappear. The resentment builds quietly until the scales tip dramatically.

Guidance: Your gift for partnership is profound. The practice: remember that a truly harmonious relationship needs you fully in it - your needs, your wants, your voice. Half a person does not make a whole partnership.

MARS IN ARIES

Desire, pursuit, and conflict style

Mars in Aries - in its home sign. You act first, think later, and your energy is the most direct, fierce, and instinctive.

Mars in Aries is in domicile - the most naturally powerful Mars placement. Your drive is immediate, courageous, and self-directed. You are built for initiation, competitive environments, and situations that require bold decisive action. Physical energy is high and needs regular discharge.

Shadow

Impulsive action and anger that flares before thinking are your shadows. Starting things you don't finish and burning bridges in moments of frustration.

Guidance: Your instinctive courage is extraordinary. The practice: channel the fire before it becomes reactive - exercise, competition, physical work - so the hot energy is directed rather than scattered.

MERCURY IN LEO

Communication and repair style

Mercury in Leo - you think boldly and speak memorably. Your mind reaches for the dramatic, the generous, and the inspiring.

Your thinking is creative, authoritative, and naturally drawn to the big picture. You communicate with flair and genuine warmth. People remember what you say because you say it with conviction and heart. You are an excellent teacher, performer, and spokesperson.

Shadow

The desire to be the most interesting voice in the room can lead to exaggeration or difficulty acknowledging when you're wrong. Pride can make course-correcting feel like defeat.

Guidance: Your communication confidence inspires others. The practice: actively spotlight someone else's idea in the next conversation. Your generosity of mind is as powerful as your confidence.

PERSON 2 - RELATIONSHIP STYLE

These essays describe how person 2 loves, bonds, desires, and communicates on their own. Understanding each chart separately prevents projecting your style onto them.

SUN IN GEMINI

Core identity and ego needs in relationship

Sun in Gemini - you are a connector. Your life force expresses through ideas, conversation, and the joy of making unexpected links.

Your identity is built around curiosity, communication, and mental agility. You need variety, stimulating conversation, and the freedom to explore multiple interests simultaneously. You excel at synthesising ideas from different domains and making them accessible to others.

Shadow

Scattered energy is your shadow. You can start brilliantly and lose interest before seeing the impact. Also, speaking before you've thought it through can get you into trouble.

Guidance: Your gift is making complexity simple. The invitation is to choose one idea per season to go genuinely deep on - your insights become wisdom when you stay long enough to excavate the full truth.

MOON IN AQUARIUS

Emotional needs and safety style

Moon in Aquarius - emotionally, you think universally. You feel most yourself in groups and ideas, sometimes less so in one-on-one intimate vulnerability.

Your emotional nature is humanitarian, unconventional, and intellectually engaged. You feel most alive in community, around stimulating ideas, and when working toward something collectively meaningful. Friendship is your primary emotional language.

Shadow

Emotional detachment is your shadow. In a bid to stay rational and fair, you can disconnect from your own emotional experience - and from other people's. "I understand your feelings" is not the same as "I feel with you."

Guidance: Your capacity to hold space for many different people without losing perspective is a genuine gift. The invitation is to let yourself be personally, specifically, humanly moved - not just compassionately aware.

VENUS IN TAURUS

Love language, attraction, and values

Venus in Taurus - in its home sign. You love through physical presence, loyalty, and the steady creation of beauty together.

Venus in Taurus is in domicile - the most sensually grounded love placement. You love through touch, through quality time in beautiful environments, through cooking together and building a life that feels good in the body. Your aesthetic is exquisite and your loyalty is absolute.

Shadow

Possessiveness and resistance to relationship change are your shadows. Love can become a possession rather than a living thing. Jealousy can arrive when security feels threatened.

Guidance: Your love is among the most reliable and nourishing available. The practice: distinguish between love and ownership - you can love deeply AND encourage the other person's independent growth.

MARS IN SAGITTARIUS

Desire, pursuit, and conflict style

Mars in Sagittarius - you act through vision, optimism, and the sheer energy of faith that things will work out.

Your drive is expansive, philosophically motivated, and freedom-seeking. You excel when pursuing meaningful goals that connect to larger purpose. Physical energy is high and needs active, preferably outdoor expression. You are inspiring in your action because your faith is contagious.

Shadow

Overconfidence, promising more than you deliver, and losing interest before completion are your shadows. The new horizon can always be shinier than the thing in front of you.

Guidance: Your energetic optimism is a tremendous force for good. The practice: before starting something, ask honestly: "Am I willing to do the boring middle?" The beginning and end are not the whole story.

MERCURY IN GEMINI

Communication and repair style

Mercury in Gemini - in its home sign. Your mind is the most agile, versatile, and socially connected of all Mercury placements.

Mercury in Gemini is in domicile - the natural home of mental energy. Your mind is quick, curious, multi-track, and extraordinarily communicative. You can learn anything, talk to anyone, and see patterns across seemingly unrelated domains.

Shadow

Mental restlessness is your shadow. The brain never fully switches off - which can mean brilliant insight at 3am and exhaustion at 10am. Depth requires deliberate practice.

Guidance: Your intellectual range is your superpower. The practice: choose one topic per month to master rather than just know. Depth + breadth = rare wisdom.

INTER-CHART ASPECTS

No detailed inter-aspect list on this reading. Run the Synastry calculator with exact birth times for a full aspect grid. Even without aspects, the layer essays and elemental notes above give a usable map of style differences.

WORKING WITH THIS RELATIONSHIP

A high score is not a guarantee and a lower score is not a curse. Compatibility describes chemistry and friction patterns - communication, timing, and willingness to grow decide outcomes.

NAME THE THREE NON-NEGOTIABLES

Each person lists three needs (Moon), three values (Venus), and one conflict rule (Mars). Compare lists. Agreements beat assumptions.

REPAIR BEFORE RESOLVE

When triggered, regulate first (breath, walk, time-box), then talk. Mercury styles differ - agree on a return time if someone needs space.

FEED FRIENDSHIP AND DESIRE

Schedule one low-pressure hang (friendship) and one intentional spark (date) each week. Long-term bonds die from neglect more often than from incompatibility scores.

RESPECT DIFFERENCE AS DATA

Element and sign differences are not character flaws. They are design constraints for a relationship that can hold two whole people.
